

ASSET RETIREMENT & DISPOSITION SERVICES

Economically smart, environmentally friendly retirement & disposition services for your end of life IT equipment.

ProService IT's Asset Retirement & Disposition Services offer our customers a comprehensive solution for their end of life IT equipment. We provide the capabilities needed to minimize the typical frustrations involved in the proper disposal of information technology assets while meeting today's strict environmental standards and security requirements needed to protect customer data.

Asset Retirement

ProService IT has trusted partnerships with nationwide asset management companies that provide the key benefits to our customers as shown below:

- Reduction in Onsite Storage of Retired IT Assets
- Data Security
- Environmental Stewardship
- Inventory Management and Reporting
- Regulatory Compliance
- Indemnification From Any Compliance Risk

Asset Disposition

IT assets with no remarketing value can be disposed of responsibly and securely utilizing our Asset Disposition service partners. With their strict zero-landfill policy, all assets will be de-manufactured to their commodities components and recycled. Any hazardous materials during this process will be shipped to specialized process plants.

Our asset disposition partner will issue a certificate of data wipe and destruction as proof of responsible electronic asset disposal for your organization.

Quality Services Include

- Detailed audit and reporting of assets
- Certified Permanent Data Erasure
- Drive Destruction, shredding or degaussing
- On-site packing of equipment
- Logistics: secure package, ship and delivery to designated location(s)
- Certificate of indemnification - chain of custody solution, indemnifies customer of risk
- Cross Platform Remarketing services available (100 asset minimum)

ProService IT can eliminate your data security risks through tested and proven data security destruction methods. Our team of experienced IT consultants and technicians will guide you through the entire process, ensuring your complete satisfaction every step of the way.
