

IMAC SERVICES

INSTALLS, MOVES, ADDITIONS & CHANGES

Our IMAC Services are available nationwide to help you Install, Move or Change your IT Equipment on time at competitive prices.

Whether the task involves the physical relocation of equipment or reconfigurations and system upgrades, let ProService IT take on the strain and headaches involved with your IMAC project. We can undertake changes quickly with minimal disruption and associated costs.

ProService IT's IMAC services are provided by highly skilled, fully accredited engineers. Our goal is to ensure maximum efficiency for the business, with minimal noticeable impact. We apply our proven methodology, established processes and concise documentation to accomplish this.

Our IMAC Services will assist in:

- Moving into new offices
- Relocating to another location in the same building
- Rolling out new Hardware and/or Software
- Rolling out equipment on a Project basis
- Recycling equipment between Projects / Departments
- Rebuilding or reinstalling Software Images
- Relocating staff between offices
- Merging or Closing Down Offices

Quality IMAC Services
